Objective (Electronics & ICT Academy-Phase II)

- 1) To conduct specialized FDPs for faculty/mentor training in line with the vision of MeitY in high-priority areas supporting the "Make in India" and the "Digital India" programs.
- 2) To promote synergy and collaboration with industry, academia, universities and other institutions of learning.
- 3) To support the National Policy on Electronics 2019 (NPE 2019), which envisions positioning India as a global hub for ESDM sector, including MeitY Schemes/policies such as Programme for Semiconductors and Display Fab Ecosystem; India AI; National Programme on AI, Production Linked Incentive Scheme for IT Hardware & Large-Scale Electronics Manufacturing; EMC; SPECS; Chips to System (C2S); etc.
- 4) To promote standardization of FDPs through Joint Faculty Development Programmes.

An intensive 40-Hour Training Programme in online mode is being organized for faculty, doctoral students of engineering and technological institutions. Working professionals from industry/organizations are also invited to attend. The training program is intended to provide a much-needed orientation towards Economic Operations and control of power systems. **The programme will be run in ONLINE mode during 5 - 7 PM on weekdays.**

Programme Modules:

- Module 1: Structure of a Distribution System
- Module 2: Approximate Methods of Analysis
- Module 3: Modeling of Distribution System Components
- Module 4: Load Flow and Fault Analysis
- Module 5: Distribution System Operation, Planning and Forecasting
- Module 6: Optimization and Smart Distribution Systems
- Module 7: Battery Energy Storage System
